*Meet at the Tomodachi Friendship Circle. Activity fee is \$46; proceeds go to Surfrider Oregon and Oregon Shores Conservation Coalition.*

#### FILM NIGHT

6:30 pm

Portland Ballroom

*The Fragile Legacy and Proteus will both be shown. Open to all OSM attendees as well as members of the public. No tickets required.*

## Hello from the Student & Early Career Organizers of OSM 2018

We hope all of you are as excited as we are to see the latest in ocean science research, meet new friends/colleagues, and catch up with old ones. For students and early career scientists, the Oceans Sciences Meeting is also an excellent opportunity to expand your professional skills and career interests. We have been working hard over the last year to bring you a selection of professional development events to support the new generation of leaders in the ocean sciences. Let this special issue of the TOS Student News be your guide to the student and early career activities, and other events you should know about happening at OSM 2018 in Portland, OR!

Looking forward to seeing you there!

Camille Pagniello  
TOS OSM Student  
Representative

Hayley Schiebel,  
ASLO OSM Early Career  
Representative

Miram Gleiber,  
AGU OSM Student  
Representative

## Career Center & Student Lounge

Visit this area to view the list of exhibitors actively recruiting during the meeting and check out the bulletin boards where jobs, internships and volunteer opportunities will be posted. Plan to stop by the Student Lounge to meet your ASLO, TOS, and AGU student and early career representatives on the OSM planning committee. Learn about leadership opportunities and give feedback about this year's student and early career events.

## Meet & Greet with OSM Student & Early Career Reps

Student Lounge, Poster Hall

**Hayley Schiebel:** Tuesday, 2–3 pm

**Camille Pagniello:** Wednesday, 2–3 pm

**Miram Gleiber:** Thursday, 3–4pm

Be sure to visit TOS, ASLO,  
and AGU at Booths 102, 103, 201
